

AGING **IN** PLACE TRANSITION SERVICES

We're On Your Move

The APS Team is Working During this Challenging Time

As businesses are reopening, we wanted to assure our loyal clientele that the APS Team is taking the Covid-19 pandemic seriously and we are doing everything required to stay abreast of this situation. We also understand there are circumstances where you need to move or move someone you love. This is our area of expertise. Aging in Place is on the move and here to help you. We have professional protocols in place to ensure our clients will be safely moved from one location to another. Learn more about our Covid-19 protocols.

Recognizing the Staff of Senior Communities

We are working behind the scenes too. The APS Team works with many of the Senior communities in the middle Tennessee areas. To thank the staff of these facilities who have continued to provide care during these very challenging times, the APS team members assembled and delivered bags of cookies to show gratitude for their service.

We wanted to share a few photos and comments:

Thank you for the bag of goodies!! We appreciate you!!
Shannon Stephens, Somerby Franklin

Thank you and your TEAM for the sweet treats. Those bags were the 'cutest'!!! 😊
Angie Durr, Mary Queen of Angels Assisted Living

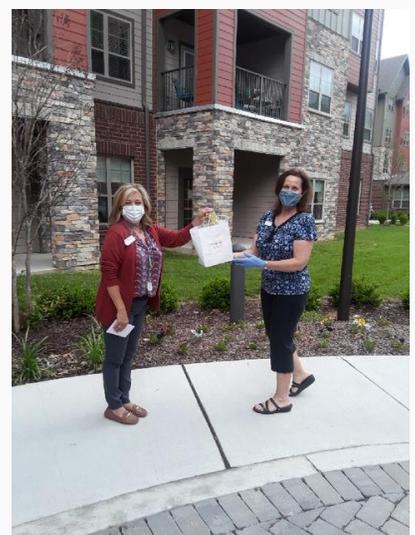

THANK YOU!! I hope we get to see you VERY SOON!!
Pam Barton, Rutledge Place Senior Living
